

SCHEDULE 6

PARTICULARS TO BE INCLUDED IN A NOTIFICATION OF WELL OPERATIONS

10. Where a well operation is to be carried out by means of a non-production installation or a vessel—

(a) particulars of—

(i) the meteorological and oceanographic conditions to which that installation or, as the case may be, vessel may foreseeably be subjected;

(ii) the depth of water; and

(iii) the properties of the sea-bed and subsoil

at the location at which the well operation will be carried out; and

(b) a description of how the well operator and—

(i) the owner of the installation; or

(ii) the operator and owner of the vessel

involved in the well operation will co-ordinate their management systems so as to reduce the risks from a major accident to comply with the relevant statutory provisions.
