

SCHEDULE 2

Classes of Harm

Class IV

4. A Class IV harm is such moderate harm as is reasonably foreseeable as a result of the hazard in question, including—

- (a) pleural plaques;
- (b) occasional severe discomfort;
- (c) benign tumours;
- (d) occasional mild pneumonia;
- (e) broken finger;
- (f) slight concussion;
- (g) moderate cuts to face or body;
- (h) severe bruising to body;
- (i) regular serious coughs or colds.
