Drainage and water enquiries

PART 2

Enquiries and responses

Public sewers within the boundaries of the property

7.—(1) Does the public sewer map indicate any public sewer, disposal main or lateral drain within the boundaries of the property?

- (a) (2) (a) The public sewer map included indicates that there is a public sewer, disposal main or lateral drain within the boundaries of the property;
- (b) The public sewer map indicates that there are private sewers or lateral drains subject to an existing adoption agreement within the boundaries of the property; or
- (c) The public sewer map indicates that there are no public sewers, disposal mains or lateral drains within the boundaries of the property. However, it has not always been a requirement for such public sewers, disposal mains or lateral drains to be recorded on the public sewer map. It is therefore possible for unidentified sewers, disposal mains or lateral drains to exist within the boundaries of the property.
