- 2.—(1) Where in accordance with paragraph 1 a company's balance sheet or profit and loss account for any financial year has been prepared by reference to one of the formats in Section B, the company's directors must use the same format in preparing Companies Act individual accounts for subsequent financial years, unless in their opinion there are special reasons for a change.
- (2) Particulars of any such change must be given in a note to the accounts in which the new format is first used, and the reasons for the change must be explained.
- 3.—(1) Any item required to be shown in a company's balance sheet or profit and loss account may be shown in greater detail than required by the particular format used.

- (3) Where sub-paragraph (2)(b) applies, the individual amounts of any items which have been combined must be disclosed in a note to the accounts.

5.—(1) Subject to sub-paragraph (2), the directors must not include a heading or sub-heading corresponding to an item in the balance sheet or profit and loss account format used if there is no amount to be shown for that item for the financial year to which the balance sheet or profit and loss account relates.

8. Amounts in respect of items representing assets or income may not be set off against amounts in respect of items representing liabilities or expenditure (as the case may be), or vice versa.

PART 2

ACCOUNTING PRINCIPLES AND RULES

SECTION A

ACCOUNTING PRINCIPLES

Preliminary

10.—(1) The amounts to be included in respect of all items shown in a company's accounts must be determined in accordance with the principles set out in this Section.

(2) But if it appears to the company's directors that there are special reasons for departing from any of those principles in preparing the company's accounts in respect of any financial year they may do so, in which case particulars of the departure, the reasons for it and its effect must be given in a note to the accounts.

Accounting principles

11. The company is presumed to be carrying on business as a going concern.

12. Accounting policies must be applied consistently within the same accounts and from one financial year to the next.

13. The amount of any item must be determined on a prudent basis, and in particular—

- (a) only profits realised at the balance sheet date must be included in the profit and loss account, and
- (b) all liabilities which have arisen in respect of the financial year to which the accounts relate or a previous financial year must be taken into account, including those which only become apparent between the balance sheet date and the date on which it is signed on behalf of the board of directors in accordance with section 414 of the 2006 Act (approval and signing of accounts).

14. All income and charges relating to the financial year to which the accounts relate must be taken into account, without regard to the date of receipt or payment.

15. In determining the aggregate amount of any item, the amount of each individual asset or liability that falls to be taken into account must be determined separately.

SECTION B

HISTORICAL COST ACCOUNTING RULES

Preliminary

16. Subject to Sections C and D of this Part of this Schedule, the amounts to be included in respect of all items shown in a company's accounts must be determined in accordance with the rules set out in this Section.

Fixed assets

General rules

17.—(1) The amount to be included in respect of any fixed asset must be its purchase price or production cost.

(2) This is subject to any provision for depreciation or diminution in value made in accordance with paragraphs 18 to 20.

Rules for depreciation and diminution in value

18. In the case of any fixed asset which has a limited useful economic life, the amount of—

- (a) its purchase price or production cost, or
- (b) where it is estimated that any such asset will have a residual value at the end of the period of its useful economic life, its purchase price or production cost less that estimated residual value,

must be reduced by provisions for depreciation calculated to write off that amount systematically over the period of the asset's useful economic life.

19.—(1) Where a fixed asset investment of a description falling to be included under item B.III of either of the balance sheet formats set out in Part 1 of this Schedule has diminished in value, provisions for diminution in value may be made in respect of it and the amount to be included in respect of it may be reduced accordingly.

(2) Provisions for diminution in value must be made in respect of any fixed asset which has diminished in value if the reduction in its value is expected to be permanent (whether its useful economic life is limited or not), and the amount to be included in respect of it must be reduced accordingly.

(3) Any provisions made under sub-paragraph (1) or (2) which are not shown in the profit and loss account must be disclosed (either separately or in aggregate) in a note to the accounts.

20.—(1) Where the reasons for which any provision was made in accordance with paragraph 19 have ceased to apply to any extent, that provision must be written back to the extent that it is no longer necessary.

(2) Any amounts written back in accordance with sub-paragraph (1) which are not shown in the profit and loss account must be disclosed (either separately or in aggregate) in a note to the accounts.

Development costs

21.—(1) Notwithstanding that an item in respect of "development costs" is included under "fixed assets" in the balance sheet formats set out in Part 1 of this Schedule, an amount may only be included in a company's balance sheet in respect of development costs in special circumstances.

(2) If any amount is included in a company's balance sheet in respect of development costs the following information must be given in a note to the accounts—

- (a) the period over which the amount of those costs originally capitalised is being or is to be written off, and
- (b) the reasons for capitalising the development costs in question.

Goodwill

22.—(1) The application of paragraphs 17 to 20 in relation to goodwill (in any case where goodwill is treated as an asset) is subject to the following.

(2) Subject to sub-paragraph (3), the amount of the consideration for any goodwill acquired by a company must be reduced by provisions for depreciation calculated to write off that amount systematically over a period chosen by the directors of the company.

(3) The period chosen must not exceed the useful economic life of the goodwill in question.

(4) In any case where any goodwill acquired by a company is shown or included as an asset in the company's balance sheet there must be disclosed in a note to the accounts—

- (a) the period chosen for writing off the consideration for that goodwill, and
- (b) the reasons for choosing that period.

Current assets

23. Subject to paragraph 24, the amount to be included in respect of any current asset must be its purchase price or production cost.

24.—(1) If the net realisable value of any current asset is lower than its purchase price or production cost, the amount to be included in respect of that asset must be the net realisable value.

(2) Where the reasons for which any provision for diminution in value was made in accordance with sub-paragraph (1) have ceased to apply to any extent, that provision must be written back to the extent that it is no longer necessary.

Miscellaneous and supplementary provisions

Excess of money owed over value received as an asset item

25.—(1) Where the amount repayable on any debt owed by a company is greater than the value of the consideration received in the transaction giving rise to the debt, the amount of the difference may be treated as an asset.

(2) Where any such amount is so treated—

- (a) it must be written off by reasonable amounts each year and must be completely written off before repayment of the debt, and
- (b) if the current amount is not shown as a separate item in the company's balance sheet, it must be disclosed in a note to the accounts.

Assets included at a fixed amount

26.—(1) Subject to sub-paragraph (2), assets which fall to be included—

- (a) amongst the fixed assets of a company under the item "tangible assets", or
- (b) amongst the current assets of a company under the item "raw materials and consumables",

may be included at a fixed quantity and value.

(2) Sub-paragraph (1) applies to assets of a kind which are constantly being replaced where—

- (a) their overall value is not material to assessing the company's state of affairs, and
- (b) their quantity, value and composition are not subject to material variation.

Determination of purchase price or production cost

27.—(1) The purchase price of an asset is to be determined by adding to the actual price paid any expenses incidental to its acquisition.

(2) The production cost of an asset is to be determined by adding to the purchase price of the raw materials and consumables used the amount of the costs incurred by the company which are directly attributable to the production of that asset.

(3) In addition, there may be included in the production cost of an asset—

(a) a reasonable proportion of the costs incurred by the company which are only indirectly attributable to the production of that asset, but only to the extent that they relate to the period of production, and

(b) interest on capital borrowed to finance the production of that asset, to the extent that it accrues in respect of the period of production,

provided, however, in a case within paragraph (b), that the inclusion of the interest in determining the cost of that asset and the amount of the interest so included is disclosed in a note to the accounts.

(4) In the case of current assets distribution costs may not be included in production costs.

28.—(1) The purchase price or production cost of—

(a) any assets which fall to be included under any item shown in a company's balance sheet under the general item "stocks", and

(b) any assets which are fungible assets (including investments),

may be determined by the application of any of the methods mentioned in sub-paragraph (2) in relation to any such assets of the same class, provided that the method chosen is one which appears to the directors to be appropriate in the circumstances of the company.

(2) Those methods are—

(a) the method known as "first in, first out" (FIFO),

(b) the method known as "last in, first out" (LIFO),

(c) a weighted average price, and

(d) any other method similar to any of the methods mentioned above.

(3) For the purposes of this paragraph, assets of any description must be regarded as fungible if assets of that description are substantially indistinguishable one from another.

Substitution of original stated amount where price or cost unknown

29.—(1) This paragraph applies where—

(a) there is no record of the purchase price or production cost of any asset of a company or of any price, expenses or costs relevant for determining its purchase price or production cost in accordance with paragraph 27, or

(b) any such record cannot be obtained without unreasonable expense or delay.

(2) In such a case, the purchase price or production cost of the asset must be taken, for the purposes of paragraphs 17 to 24, to be the value ascribed to it in the earliest available record of its value made on or after its acquisition or production by the company.

SECTION C
ALTERNATIVE ACCOUNTING RULES

Preliminary

30.—(1) The rules set out in Section B are referred to below in this Schedule as the historical cost accounting rules.

(2) Those rules, with the omission of paragraphs 16, 22 and 26 to 29, are referred to below in this Part of this Schedule as the depreciation rules; and references below in this Schedule to the historical cost accounting rules do not include the depreciation rules as they apply by virtue of paragraph 33.

31. Subject to paragraphs 33 to 35, the amounts to be included in respect of assets of any description mentioned in paragraph 32 may be determined on any basis so mentioned.

Alternative accounting rules

32.—(1) Intangible fixed assets, other than goodwill, may be included at their current cost.

(2) Tangible fixed assets may be included at a market value determined as at the date of their last valuation or at their current cost.

(3) Investments of any description falling to be included under item B III of either of the balance sheet formats set out Part 1 of this Schedule may be included either—

- (a) at a market value determined as at the date of their last valuation, or
- (b) at a value determined on any basis which appears to the directors to be appropriate in the circumstances of the company.

But in the latter case particulars of the method of valuation adopted and of the reasons for adopting it must be disclosed in a note to the accounts.

(4) Investments of any description falling to be included under item C III of either of the balance sheet formats set out in Part 1 of this Schedule may be included at their current cost.

(5) Stocks may be included at their current cost.

Application of the depreciation rules

33.—(1) Where the value of any asset of a company is determined on any basis mentioned in paragraph 32, that value must be, or (as the case may require) be the starting point for determining, the amount to be included in respect of that asset in the company's accounts, instead of its purchase price or production cost or any value previously so determined for that asset.

The depreciation rules apply accordingly in relation to any such asset with the substitution for any reference to its purchase price or production cost of a reference to the value most recently determined for that asset on any basis mentioned in paragraph 32.

(2) The amount of any provision for depreciation required in the case of any fixed asset by paragraphs 18 to 20 as they apply by virtue of sub-paragraph (1) is referred to below in this paragraph as the adjusted amount, and the amount of any provision which would be required by any of those paragraphs in the case of that asset according to the historical cost accounting rules is referred to as the historical cost amount.

(3) Where sub-paragraph (1) applies in the case of any fixed asset the amount of any provision for depreciation in respect of that asset—

- (a) included in any item shown in the profit and loss account in respect of amounts written off assets of the description in question, or

- (b) taken into account in stating any item so shown which is required by note (11) of the notes on the profit and loss account formats set out in Part 1 of this Schedule to be stated after taking into account any necessary provision for depreciation or diminution in value of assets included under it,

may be the historical cost amount instead of the adjusted amount, provided that the amount of any difference between the two is shown separately in the profit and loss account or in a note to the accounts.

Additional information to be provided in case of departure from historical cost accounting rules

34.—(1) This paragraph applies where the amounts to be included in respect of assets covered by any items shown in a company's accounts have been determined on any basis mentioned in paragraph 32.

(2) The items affected and the basis of valuation adopted in determining the amounts of the assets in question in the case of each such item must be disclosed in a note to the accounts.

(3) In the case of each balance sheet item affected (except stocks) either—

- (a) the comparable amounts determined according to the historical cost accounting rules, or
- (b) the differences between those amounts and the corresponding amounts actually shown in the balance sheet in respect of that item,

must be shown separately in the balance sheet or in a note to the accounts.

(4) In sub-paragraph (3), references in relation to any item to the comparable amounts determined as there mentioned are references to—

- (a) the aggregate amount which would be required to be shown in respect of that item if the amounts to be included in respect of all the assets covered by that item were determined according to the historical cost accounting rules, and
- (b) the aggregate amount of the cumulative provisions for depreciation or diminution in value which would be permitted or required in determining those amounts according to those rules.

Revaluation reserve

35.—(1) With respect to any determination of the value of an asset of a company on any basis mentioned in paragraph 32, the amount of any profit or loss arising from that determination (after allowing, where appropriate, for any provisions for depreciation or diminution in value made otherwise than by reference to the value so determined and any adjustments of any such provisions made in the light of that determination) must be credited or (as the case may be) debited to a separate reserve ("the revaluation reserve").

(2) The amount of the revaluation reserve must be shown in the company's balance sheet under a separate sub-heading in the position given for the item "revaluation reserve" in Format 1 or 2 of the balance sheet formats set out in Part 1 of this Schedule, but need not be shown under that name.

(3) An amount may be transferred—

- (a) from the revaluation reserve—
 - (i) to the profit and loss account, if the amount was previously charged to that account or represents realised profit, or
 - (ii) on capitalisation,
- (b) to or from the revaluation reserve in respect of the taxation relating to any profit or loss credited or debited to the reserve.

Status: This is the original version (as it was originally made).

The revaluation reserve must be reduced to the extent that the amounts transferred to it are no longer necessary for the purposes of the valuation method used.

(4) In sub-paragraph (3)(a)(ii) “capitalisation”, in relation to an amount standing to the credit of the revaluation reserve, means applying it in wholly or partly paying up unissued shares in the company to be allotted to members of the company as fully or partly paid shares.

(5) The revaluation reserve must not be reduced except as mentioned in this paragraph.

(6) The treatment for taxation purposes of amounts credited or debited to the revaluation reserve must be disclosed in a note to the accounts.

“associated undertaking” has the meaning given by paragraph 19 of Schedule 6 to these Regulations;

“joint venture” has the meaning given by paragraph 18 of that Schedule.

Determination of fair value

(2) If a reliable market can readily be identified for the financial instrument, its fair value is to be determined by reference to its market value.

(3) If a reliable market cannot readily be identified for the financial instrument but can be identified for its components or for a similar instrument, its fair value is determined by reference to the market value of its components or of the similar instrument.

(4) If neither sub-paragraph (2) nor (3) applies, the fair value of the financial instrument is a value resulting from generally accepted valuation models and techniques.

(5) Any valuation models and techniques used for the purposes of sub-paragraph (4) must ensure a reasonable approximation of the market value.

40.—(1) This paragraph applies where a financial instrument is valued in accordance with paragraph 36 or 38 or an asset is valued in accordance with paragraph 39.

(2) Notwithstanding paragraph 13 in this Part of this Schedule, and subject to sub-paragraphs (3) and (4), a change in the value of the financial instrument or of the investment property or living animal or plant must be included in the profit and loss account.

(3) Where—

- (a) the financial instrument accounted for is a hedging instrument under a hedge accounting system that allows some or all of the change in value not to be shown in the profit and loss account, or
- (b) the change in value relates to an exchange difference arising on a monetary item that forms part of a company’s net investment in a foreign entity,

the amount of the change in value must be credited to or (as the case may be) debited from a separate reserve (“the fair value reserve”).

(4) Where the instrument accounted for—

- (a) is an available for sale financial asset, and
- (b) is not a derivative,

the change in value may be credited to or (as the case may be) debited from the fair value reserve.

The fair value reserve

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations specify the form and content of the accounts and directors’ report of companies subject to the small companies regime under Part 15 of the Companies Act 2006 (c.46) (“the 2006

Act”). Section 381 of the 2006 Act defines what is meant by “small companies regime”. The Regulations replace provisions previously contained in the Schedules to Part 7 of the Companies Act 1985 (c.6) (“the 1985 Act”) and in the Schedules to Part 8 of the Companies (Northern Ireland) Order 1986 (S.I. 1986/1032 (N.I. 6)) (“the 1986 Order”). They extend to the whole of the United Kingdom, reflecting the extent of the 2006 Act.

The Regulations come into force on 6th April 2008, and apply in relation to financial years beginning on or after that date (regulation 2). The corresponding provisions of the 1985 Act or the 1986 Order continue to apply to accounts and directors’ reports for financial years beginning before that date.

The Regulations continue the implementation of the following Directives-

Council Directive [78/660/EEC](#) on the annual accounts of certain types of companies (“the Fourth Directive”) (O.J.L222 of 14.8.1978, page 1), and

Council Directive [83/349/EEC](#) on consolidated accounts (“the Seventh Directive”) (O.J. L193 of 18.7.1983, page 1).

Regulation 3(1) of, and Schedule 1 to, the Regulations specify the form and content of the individual accounts of a company which is subject to the small companies regime and which is preparing Companies Act individual accounts. Schedule 1 re-enacts Schedule 8 to the 1985 Act and Schedule 8 to the 1986 Order, with one substantive modification.

Paragraph 36(4) of Schedule 1 implements article 1.5 of Directive 2006/46 of the European Parliament and the Council of 14th June 2006 amending the Fourth and Seventh Directives and Council Directives [86/635/EEC](#) on the annual accounts and consolidated accounts of banks and other financial institutions and [91/674/EEC](#) on the annual accounts and consolidated accounts of insurance undertakings (O.J. L224 of 16th August 2006, pages 1 to 7). The Directive is also to be implemented by the Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008, the Companies Act 2006 (Amendment) (Accounts and Reports) Regulations 2008, and by the Financial Services Authority using powers under the Financial Services and Markets Act [2000 \(c.8\)](#).

Paragraph 36(4) of Schedule 1 gives companies the option of including financial instruments in the accounts at a fair value provided that they may be so included under international accounting standards adopted under the IAS Regulation (as defined in section 474(1) of the 2006 Act) on or before 5th September 2006, and provided that the disclosures required by such standards are made.

Regulation 4 of, and Schedule 2 to, the Regulations re-enact the requirements of Part 1 of Schedule 5 to the 1985 Act and Part 1 of Schedule 5 to the 1986 Order for small companies. They concern information about related undertakings which must be provided in the notes to a company’s individual accounts, whether they are Companies Act accounts or IAS accounts.

Regulation 5 of, and Schedule 3 to, the Regulations re-enact the requirements of Part 1 of Schedule 6 to the 1985 Act and Part 1 of Schedule 6 to the 1986 Order as they apply to small companies. They concern information about directors’ remuneration which must be provided in the notes to a company’s individual accounts, whether they are Companies Act accounts or IAS accounts.

Regulation 6 of, and Schedule 4 to, the Regulations make provision about Companies Act individual accounts which may be delivered to the registrar of companies for a small company under section 444 of the 2006 Act. Schedule 4 re-enacts Schedule 8A to the 1985 Act and Schedule 8A to the 1986 Order.

Regulation 7 of, and Schedule 5 to, the Regulations specify information to be included in the directors’ report which a company’s directors are required to prepare under section 415 of the 2006 Act. Schedule 5 re-enacts the provisions in Schedule 7 to the 1985 Act and Schedule 7 to the 1986 Order as they apply to small companies, with two modifications – the thresholds for disclosure of political donations and expenditure and charitable donations have been raised from £200 to £2000 (paragraphs 2 and 4), and provision is now made for disclosure of donations to independent election candidates (paragraph 2).

Status: This is the original version (as it was originally made).

Regulation 8 of, and Part 1 of Schedule 6 to, the Regulations specify the form and content of Companies Act group accounts which a parent company subject to the small companies regime may choose to prepare, although not required to do so (see section 398 of the 2006 Act). The Schedule re-enacts Schedule 4A to the 1985 Act and Schedule 4A to the 1986 Order as they apply to small companies, save that paragraphs 9, 13 and 17 have been simplified to facilitate convergence with international accounting standards.

Regulations 9 and 10 apply the provisions of Schedule 3 (information in notes to accounts about directors' benefits) and Part 2 of Schedule 6 (information in notes about related undertakings) to Companies Act or IAS group accounts which the directors of a small parent company choose to prepare. Part 2 of Schedule 6 re-enacts Part 2 of Schedule 5 to the 1985 Act and Part 2 of Schedule 5 to the 1986 Order.

Regulation 11 makes provision for exemptions from Companies Act group accounts which may be delivered to the registrar of companies for a small parent company under section 444 of the 2006 Act.

Regulation 12 of, and Schedule 7 to, the Regulations define the term "provisions" for the purposes of the Regulations and for the purposes of sections 677(3)(a) (Companies Act accounts: relevant provisions for purposes of financial assistance), 712(2)(b)(i) (Companies Act accounts: relevant provisions to determine available profits for redemption or purchase out of capital) and 836(1)(b)(i) (Companies Act accounts: relevant provisions for distribution purposes) of the 2006 Act.

Regulation 13 of, and Schedule 8 to, the Regulations contain general interpretation provisions.

A transposition note has been prepared which sets out how Directive 2006/46 is to be transposed into UK law. An Impact Assessment of the effect that the implementation of Directive 2006/46 will have on the costs of business, charities or voluntary bodies has also been prepared. Both are available from the Department for Business, Enterprise and Regulatory Reform, Corporate Law and Governance Directorate, 1 Victoria Street, London SW1. They are also available electronically at www.berr.gov.uk. Copies have also been placed in the libraries of both Houses of Parliament. Otherwise, an Impact Assessment has not been produced for these Regulations as they have only a negligible impact on the costs of business, charities or voluntary bodies.
