

SCHEDULE 4

LABELLING PARTICULARS FOR DANGEROUS SUBSTANCES, DANGEROUS PREPARATIONS AND FOR CERTAIN OTHER PREPARATIONS

PART II

PARTICULAR PROVISIONS CONCERNING CERTAIN PREPARATIONS

B

SPECIAL PROVISIONS APPLYING TO ANY PREPARATION

Liquid preparations containing halogenated hydrocarbons

8. For liquid preparations which show no flashpoint or a flashpoint higher than 55°C and contain a halogenated hydrocarbon and more than 5% flammable or highly flammable substances, the label on the packaging must bear the following inscription as appropriate—

“Can become highly flammable in use. Or
Can become flammable in use.”.
