2010 No. 1958

The Electricity and Gas (Carbon Emissions Reduction) (Amendment) Order 2010

Amendment of article 6 (determining carbon emissions reduction obligations)

7. For article 6 substitute—

“Determining carbon emissions reduction obligations and insulation obligations

6.—(1) The Authority must determine a supplier’s—

- (a) carbon emissions reduction obligation;
- (b) insulation obligation; and
- (c) super priority group obligation.

(2) The Authority must refer to the matters in article 7 when determining each of the obligations referred to in paragraph (1).

(3) Subject to paragraph (4), the obligation period is the period—

- (a) commencing 1st April 2008, except for a new supplier; and
- (b) ending on 31st December 2012.

(4) For a new supplier who satisfies article 4(1) for the first time on—

- (a) 31st December 2008, the obligation period commences on 1st April 2009;
- (b) 31st December 2009, the obligation period commences on 1st April 2010;
- (c) 31st December 2010, the obligation period commences on 1st April 2011;
- (d) 31st December 2011, the obligation period commences on 1st April 2012.

(5) The Authority must notify a supplier of that supplier’s—

- (a) carbon emissions reduction obligation by 28th February prior to the commencement of the obligation period;
- (b) insulation obligation by 1st November 2010 or, in respect of a new supplier to whom article 4(1) applies for the first time on or after 31st December 2010, by 28th February 2011 or 28th February 2012 as applicable; and
- (c) super priority group obligation by 1st November 2010 or, in respect of a new supplier to whom article 4(1) applies for the first time on or after 31st December 2010, by 28th February 2011 or 28th February 2012 as applicable.”
