(4) The provisions of the 1991 Act mentioned in paragraph (5) (which, together with other provisions of that Act, apply in relation to the execution of street works) and any regulations made, or code of practice issued or approved under, those provisions apply (with the necessary modifications) in relation to any stopping up, alteration or diversion of a street of a temporary nature by the undertaker under the powers conferred by article 12 (temporary stopping up and restriction of use of streets), whether or not the stopping up, alteration or diversion constitutes street works within the meaning of that Act.

- (7) Nothing in article 10 (construction and maintenance of new, altered or diverted streets)—
- (a) affects the operation of section 87 (prospectively maintainable highways) of the 1991 Act and the undertaker is not by reason of any duty under that article to maintain a street or to be taken to be the street authority in relation to that street for the purposes of Part 3 of that Act; or
  - (b) has effect in relation to maintenance works which are street works within the meaning of the 1991 Act, as respects which the provisions of Part 3 of the 1991 Act apply.

### **Construction and maintenance of new, altered or diverted streets**

**10.—(1)** Any street (other than a trunk road) to be constructed under this Order must be completed to the reasonable satisfaction of the local highway authority in whose area the street lies and, unless otherwise agreed in writing with the local highway authority, must be maintained by and at the expense of the local highway authority from its completion.

---

(10) Section 78A was inserted by section 57 of the Traffic Management Act 2004.

(11) Schedule 3A was inserted by section 52 of, and Schedule 4 to the Traffic Management Act 2004.

(12) Sections 54, 55, 57, 60, 68 and 69 were amended by sections 40(1) and (2) of, and Schedule 1 to, the Traffic Management Act 2004.

(13) Section 54 was also amended by section 49(1) of the Traffic Management Act 2004.

(14) Section 55 was also amended by sections 49(2) and 51(9) of the Traffic Management Act 2004.

(15) Section 57 was also amended by section 52(3) of the Traffic Management Act 2004.

(16) Section 59 was amended by section 42 of the Traffic Management Act 2004.

(2) Where a street (other than a trunk road) is altered or diverted under this Order, the altered or diverted part of the street must, when completed to the reasonable satisfaction of the street authority in whose area the street lies and, unless otherwise agreed in writing with the local street authority, be maintained by and at the expense of the local street authority from its completion.

(3) In the case of a bridge constructed under this Order to carry a highway (other than a trunk road) over a trunk road, the highway surface (being those elements over the waterproofing membrane) must be maintained by and at the expense of the local highway authority and the remainder of the bridge, including the waterproofing membrane and structure below, must be maintained by and at the expense of the undertaker unless otherwise agreed in writing with the local highway authority.

(4) In any action against the undertaker in respect of loss or damage resulting from any failure by it to maintain a street under this article, it is a defence (without prejudice to any other defence or the application of the law relating to contributory negligence) to prove that the undertaker had taken such care as in all the circumstances was reasonably required to secure that the part of the street to which the action relates was not dangerous to traffic.

(5) For the purposes of a defence under paragraph (4), the court must in particular have regard to the following matters—

- (a) the character of the street and the traffic which was reasonably to be expected to use it;
- (b) the standard of maintenance appropriate for a street of that character and used by such traffic;
- (c) the state of repair in which a reasonable person would have expected to find the street;
- (d) whether the undertaker knew, or could reasonably have been expected to know, that the condition of the part of the street to which the action relates was likely to cause danger to users of the street; and
- (e) where the undertaker could not reasonably have been expected to repair that part of the street before the cause of action arose, what warning notices of its condition had been displayed,

but for the purposes of such a defence it is not relevant to prove that the undertaker had arranged for a competent person to carry out or supervise the maintenance of the part of the street to which the action relates unless it is also proved that the undertaker had given the competent person proper instructions with regard to the maintenance of the street and that the competent person had carried out those instructions.

### **Classification of roads etc.**

**11.—**(1) On the date on which the authorised development is completed and open for traffic—

- (a) the roads described in columns (1) and (2) of Part 1 (trunk roads) of Schedule 3 are to become trunk roads as if they had become so by virtue of an order under section 10(2) (general provision as to trunk roads) of the 1980 Act specifying that date as the date on which they were to become trunk roads;
- (b) the road described in columns (1) and (2) of Part 2 (classified roads) of Schedule 3 is to be classified as the A585 and is to be—
  - (i) a principal road for the purpose of any enactment or instrument which refers to highways classified as principal roads; and

(2) Subject to paragraph (3), on such day as the undertaker may determine, the road described in Part 5 (roads to be de-trunked) of Schedule 3 are to cease to be trunk roads as if they had ceased to be trunk roads by virtue of an order made under section 10(2) of the 1980 Act specifying that date as the date on which they were to cease to be trunk roads.

(3) The undertaker may only make a determination for the purposes of paragraph (2) with the consent of the Secretary of State, who must consult the local highway authority before deciding whether to give that consent.

(4) From the date on which the roads specified in Part 6 (speed limits) of Schedule 3 are open for traffic, no person is to drive any motor vehicle at a speed exceeding the limit in miles per hour specified in column (3) of Part 6 of Schedule 3 along the lengths of road identified in the corresponding row of column (2) of that Part.

(5) On such day as the undertaker may determine, the order specified in column (3) of Part 7 (revocations and variations of existing traffic regulation orders) of Schedule 3 is to be varied or revoked as specified in the corresponding row of column (4) of that Part in respect of the lengths of roads specified in the corresponding row of column (2) of that Part.

(6) On such day as the undertaker may determine, the orders specified in column (3) of Part 8 (new traffic regulation orders sought) of Schedule 3 are to be made in respect of the roads specified in the corresponding row of column (2) of that Part.

(7) The application of paragraphs (1) to (6) may be varied or revoked by any instrument made under any enactment which provides for the variation or revocation of such matters.

(2) Without limitation on the scope of paragraph (1), the undertaker may use any street temporarily stopped up or restricted under the powers conferred by this article and which is within the Order limits as a temporary working site.

(3) The undertaker must provide reasonable access for pedestrians going to or from premises abutting a street affected by the temporary stopping up, alteration or diversion of a street under this article if there would otherwise be no such access.

(4) The undertaker must not temporarily stop up, alter or divert or restrict the use of any street for which it is not the street authority without the consent of the street authority, which may attach reasonable conditions to any consent but such consent must not be unreasonably withheld or delayed.

(5) Any person who suffers loss by the suspension of any private right of way under this article is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(6) If a street authority which receives an application for consent under paragraph (4) fails to notify the undertaker of its decision before the end of the period of 28 days beginning with the date on which the application was made, it is deemed to have granted consent.

- (b) a temporary alternative route for the passage of such traffic as could have used the street or private means of access to be stopped up is first provided and subsequently maintained by the undertaker, to the reasonable satisfaction of the street authority, between the commencement and termination points for the stopping up of the street or private means of access until the completion and opening of the new street or private means of access in accordance with sub-paragraph (a).

(3) No street or private means of access specified in column (1) of Part 4 of Schedule 4 is to be wholly or partly stopped up under this article unless the condition specified in paragraph (4) is satisfied in relation to all the land which abuts on either side of the street or private means of access to be stopped up.

- (b) the undertaker may appropriate and use for the purposes of the authorised development so much of the site of the street or private means of access as is bounded on both sides by land owned by the undertaker.

(6) Any person who suffers loss by the suspension or extinguishment of any private right of way under this article is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(7) This article is subject to article 32 (apparatus and rights of statutory undertakers in stopped up streets).
