5A.—(1) For the purposes of regulation 3, the relevant amount for a financial year beginning on or after 1 April 2005 (“the year”) for a valuation band (“the band”) is the amount found by applying the formula —

$$(H - Q + J) \times (F \text{ divided by } G)$$

where —

H is the number of chargeable dwellings in the area of the billing authority listed in the band on the relevant day calculated by the authority in accordance with paragraph (2) below;

Q is a factor to take account of the discounts to which the amount of council tax payable was subject on the relevant day calculated in accordance with paragraph (4) below;

F is the number which, in the proportion set out in section 5(1), is applicable as regards the year to dwellings listed in the band;

G is the number which, in that proportion, is applicable as regards the year to dwellings listed in valuation band D.

(3) For the purposes of paragraph (2) above, the authority shall ascertain the number of dwellings listed in any valuation band by reference to —

- (a) the state on the relevant day of the authority’s list, including any alterations of the list which were shown as having effect on that day; and

(6) The authority shall calculate the amount of any adjustment for the purposes of item J in paragraph (1) above as equal to the amount by which the number which the authority calculates in accordance with paragraph (7) below exceeds the number which the authority calculates in accordance with paragraph (8) below; and if there is no such excess, the adjustment shall be nil or, as the case may be, a negative amount.

(7) Subject to paragraph (10) below, the authority shall calculate the aggregate of —

(a) the authority's estimate of the number of chargeable dwellings which are not ascertained for the purposes of paragraph (2) above as listed in the band on the relevant day but which will be listed in the band for the whole or part of the year; and

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Local Authorities (Calculation of Council Tax Base) (Wales) Regulations 1995 (“the 1995 Regulations”) and the Council Tax (Prescribed Classes of Dwellings) (Wales) Regulations 1998 (“the 1998 Regulations”).

The 1995 Regulations provide for the calculation by billing authorities and major precepting authorities in Wales of the council tax bases for the whole and parts of their areas. These Regulations amend the 1995 Regulations in consequence of the substitution of section 12 of the Local Government Finance Act 1992 (“the 1992 Act”) by section 75 of the Local Government Act 2003 (“the 2003 Act”).

Section 12 of the 1992 Act allows billing authorities in Wales to reduce from 50% to a minimum of 10% the discount which applies under section 11(2)(a) of the 1992 Act to dwellings falling into classes prescribed in regulations for the purposes of section 12(3) of the 1992 Act. Section 12 of the 1992 Act also allows billing authorities in Wales to reduce or end the 50% discount for dwellings falling into other classes prescribed in regulations for the purposes of section 12(4) of the 1992 Act.

Classes of dwellings are prescribed in the Council Tax (Prescribed Classes of Dwellings) (Wales) Regulations 1998. (Sub-sections (3), (4) and (5) of section 75 of the 2003 Act preserve in force the effect of regulations, which prescribe classes of dwellings, existing immediately before the coming into force of that section).

Regulation 2 of these Regulations amends the definition of “the authority’s list” in regulation 1(3) of the 1995 Regulations, so as to take account of the insertion of section 22B into the 1992 Act by section 77 of the 2003 Act.

Regulation 2 of these Regulations also includes in regulation 1(3) of the 1995 Regulations a definition of “relevant percentage”. This is in addition to the definition of “appropriate percentage” as section 12 of the 1992 Act allows a billing authority to reduce the council tax payable by percentages other than the appropriate percentage (25%) or twice the appropriate percentage.

Regulation 3 of these Regulations inserts a new regulation 5A into the 1995 Regulations. This provides for the calculation of “the relevant amounts” by a billing authority for financial years beginning on or after 1 April 2005. The relevant amount for each council tax band is a measure of the number of dwellings in that band after taking account of exempt dwellings and discounts.

The council tax base for the whole of a billing authority’s area (item T in section 33(1) of the 1992 Act) is found by adding together the relevant amount for each council tax band and multiplying this by the authority’s estimate of its collection rate (see regulation 3 of the 1995 Regulations). When calculating the tax base for financial years beginning on or after 1 April 2005, regulation 5A requires the authority to take account of discounts under sections 11 and 12 of the 1992 Act. The relevant day for the financial year commencing 1 April 2005 will be 24 November 2004 (new regulation 5A(11) (a) of the 1995 Regulations as inserted by regulation 3 of these Regulations refers). For financial years commencing on or after 1 April 2006, the relevant day will be 31 October in the financial year preceding the year for which the calculations are made.

Regulation 4 of these Regulations inserts references to the new regulation 5A into regulation 6 of the 1995 Regulations. That regulation 6 provides for the calculation of the tax base for part of a billing authority’s area. Regulation 6 of the 1995 Regulations is also amended such that the relevant day for the purposes of regulation 5A is 24 November 2004 for the financial year beginning on 1 April 2005 where item TP in section 34(4) is determined in the period 24 November 2004 to 31 January 2005.

Regulation 5 of these Regulations inserts references to the new regulation 5A and to items in the calculations in the new regulation 5A into regulation 7 of the 1995 Regulations. That regulation 7 provides for the calculation of the tax base for the purposes of a major precepting authority.

Regulation 6 substitutes a new regulation 8(3) into the 1995 Regulations such that in relation to calculations for the financial year beginning on 1 April 2005, the prescribed period is 24 November 2004 to 31 January 2005.

Regulation 7 of these Regulations inserts a reference to the new regulation 5A into regulation 9 of the 1995 Regulations. That regulation 9 provides for the determination by a major precepting authority of a billing authority's tax base where the billing authority has failed to notify its tax base to the major precepting authority in the prescribed period.

Regulation 8 of these Regulations amends regulation 3 of the 1998 Regulations in order to clarify that the class of dwellings that is Class C is prescribed by that regulation 3 for the purposes of section 12(4) of the 1992 Act.
