EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations further amend the Waste Management Licensing Regulations 1994 ("the 1994 Regulations") in relation to Wales.

Regulation 4 of these Regulations amends the description of the plant prescribed in regulation 12(1)(d) of the 1994 Regulations and adds the following descriptions:

(a) plant for the dewatering of muds, sludges, soils and dredgings;

(b) plant for the treatment of sludge by lime stabilisation; and

(c) plant for the treatment of contaminated material, substances or products, for the purpose of remedial action with respect to land or controlled waters.
